Keynote - 4-H Opportunities
Lets celebrate 4-H’s past and present through its opportunities. Walter P. Chrysler once said, “The reason so many people never get anywhere in life is because when opportunity knocks, they are out in the back looking for a field of four-leaf clovers.” For some people that might be true, but in my case I have found my opportunities being surrounded by a field of four-leaf clovers! I hope to inspire others to feel proud wearing that green jacket.

Workshop - Beef, Its What’s For Dinner.
We will explore what is necessary to start a Beef project—from selecting that champion prospect, to proper feeding and preparing for the big show day.

Keynote - *Live Like You Were Dying*
In the song by Tim McGraw, “Live Like You Where Dying” a man is told he doesn’t have much time to live. The man takes stock of what is really important in his life. I speak about learning from 4-H experiences, moving on without regret, valuing what we have and not taking it for granted, and the importance of taking advantage of 4-H opportunities.
