

# Google Earth Exercise #1

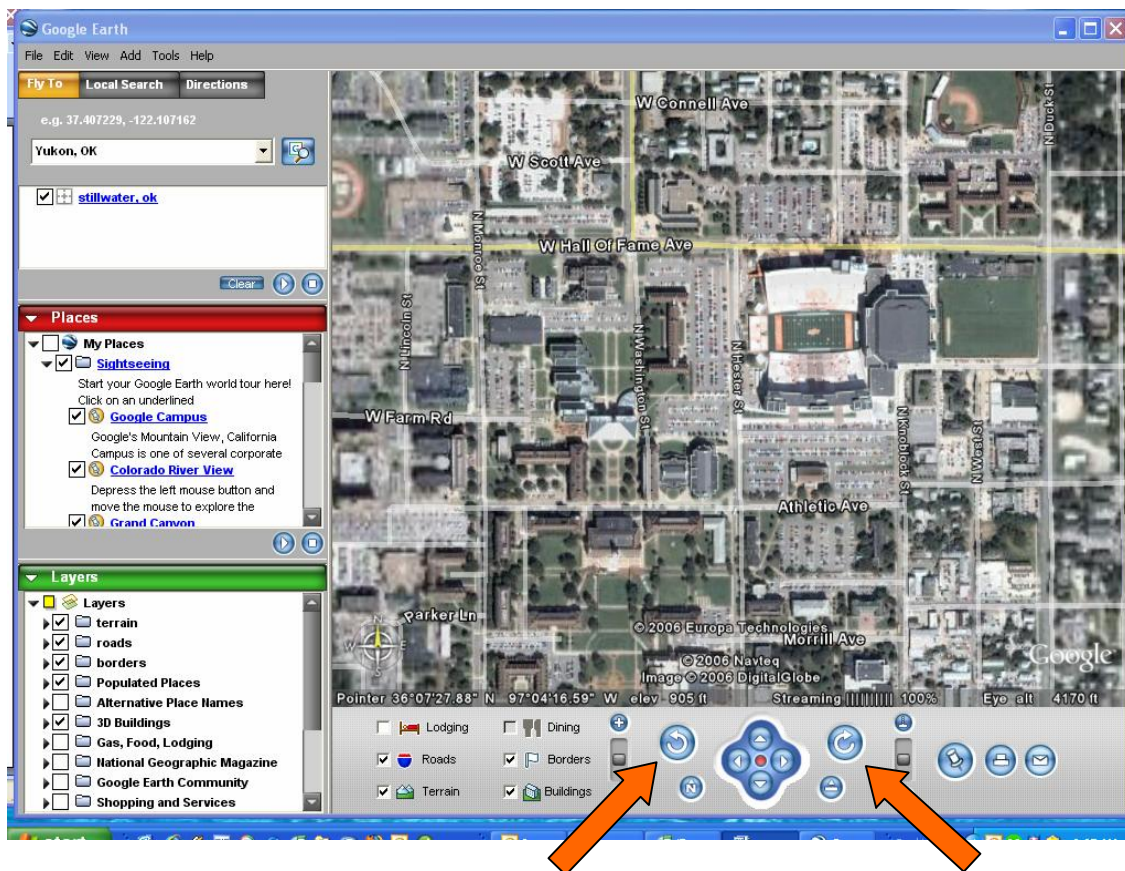

1. Launch Google Earth
2. Enter "Stillwater,OK" as your destination in the search box under "fly to"

You should get a screen that looks like this:

3. Click on the “roads” layer on the left hand side of your screen under layers
4. Navigate your way to OSU using the hand or direction pad
  - a. Hint: go North
  - b. Hint: Look for Football Stadium!
5. See how far you can zoom into the Football Stadium
6. Practice using the Rotate tool. It is located by the navigation tool. You can rotate 360 degrees.

7. Click off and on the various layers and see what happens.
8. Try the Directions Tab at the top of Google Earth. Type in directions from your house to Stillwater, OK.
9. Click on the “Places” sidebar on the left side and select a tour to take. Google Earth will take you on a tour of that location. I recommend the Grand Canyon.
